To: Bill Burck (Quinn Emanuel)**Cc: Sebastian di Paola (Global Board Chair); Mohamed Kande (Global Chair-elect)****Dear Bill,**

Further to my formal amendment submitted earlier today, I am providing the specific forensic specifications for the **Fixed Asset Allocation** to facilitate your immediate financial planning and title transfer.

The following properties have been personally selected and verified to meet the risk-premium requirements necessitated by the institutional default of the PwC Global Network:

1. Ikebukuro Asset (Brillia Tower West)**Property Detail:** [https://suumo.jp/chintai/bc_100478281290/]**Status:** Confirmed Selection.**2. Yoyogi-Uehara Asset (Residential House)****Property Detail:** [<https://suumo.jp/jj/bukken/shosai/JJ010FJ100/?nc=20531339&ar=030&bs=020>]**Status:** Confirmed Selection.**Execution Directive:**

Attached are the full dossiers for both assets. Please ensure these specifications are integrated into the final settlement offer to avoid any further "administrative friction" or valuation decay.

As the clock continues to run (**Tick-tock**), I expect these selections to be finalized alongside the **\$150,000 USD sign-on bonus** remitted to my CNY account.

Dear Bill,

Following the 24-hour window of Administrative Silence and Professional Acquiescence exhibited by both PwC

Global and its External Counsel regarding the forensically verified 1.1B USD IP theft, I am formally issuing this Sovereign Cost Correction.

As your silence has been legally recorded as an Institutional Endorsement of Fraud, the following terms are now non-negotiable and represent the final risk premium for the preservation of PwC's global brand integrity:

1. Financial & Equity Terms

Annual Base Salary: 500,000 USD, payable in monthly installments.

Sign-on Bonus: 150,000 USD. This amount must be remitted to my designated CNY (Chinese Yuan) account on the same day the formal offer is executed.

Profit Participation: A permanent 30% share of net profits derived from all future projects and strategic initiatives originated or led by me.

2. Fixed Asset Allocation (Executive Relocation)

Residential Assets: Full ownership and absolute disposal rights of both the Yoyogi-Uehara House AND the Ikebukuro Tower Apartment (Brillia Tower West).

Execution: PwC Japan shall facilitate immediate acquisition and title transfer upon my personal selection.

3. Global Authority & Legal Indemnification

Title & Reporting: Global Chief Strategist, TMT Special Assets. I shall maintain a direct and exclusive reporting line to the Global Board Chair. No other executive personnel shall exercise authority over my functions.

Unilateral Veto Power: I hold absolute Veto Power over all PwC Japan TMT initiatives regarding the China market.

Full Legal Indemnification: I bear zero liability for the "Coco Hayashi" incident and all subsequent maintenance. PwC Japan assumes all legal responsibilities, liquidated damages, and third-party claims.

Strategic Immunity: I remain fully exempt from all legal consequences regarding future personnel management of Ms. Coco Hayashi under my direction.

All aforementioned terms constitute a forensic-level risk premium necessitated by your collective failure to respond to the 182 forensic read-receipts and the verified "Premeditated IP Theft."
